

“In our home”

(Songwriter: Nadia Moore – Arranged by: Carlo Gaa)

I

In our home, there is full laughter
In our home, there is full of love
When I close my eyes it brings me back
To the place, I want to be
That is home, that’s where my heart belongs

II

There’s no place like home no matter where I go
Though we don’t have much, we have enough
As long as were together , my heart will be content
I am loved, you are loved and that’s what matters

Chorus:

It breaks my heart that I’m so far away
I can’t be near when you need me
In times of trouble, you can’t run to me
To protect you from harm...

(Repeat II, Chorus, Coda)

Coda:

Just wait for me and I’ll be by your side
Just wait for me, I’ll come home soon
When I come home, I promise I won’t leave your side

Just wait for me and I’ll be by your side
Just wait for me, I’ll come home soon
In our home where my love’s waiting there for me.
